"I believe that participation in the training will increase my chances of getting a job, because I learned a lot of valuable information about how to adapt the Cv to the current expectations of the employer, what recruiters pay attention to when recruiting, where to look for job offers, what kind of professional aptitude test I can take."

Ewelina

"Participation in the Career Boost project increased my chances of finding a job. Thanks to the knowledge provided at the training, I have improved my resume and learned how to search for a job effectively."
